

This angle plate enables you to drive the RST in the horizontal axis. With long work pieces the pneumatic tailstock lends additional support. Elevation of the indexing table is compensated via the pneumatic and contact pressure of the tailstock.

Pneumatic tailstock (PRS) with angle plate (AW) Standard sizes available		Size 10	Size 20	Size 30	Size 40
Max pressure	bar	6	6	6	6
Spindle speed force	N	750	750	750	750
Au and steel angle plate	grd	90°	90°	90°	90°
Height	H ₁	145	228	290	475
Peak height	H ₂	90	148	160 / 175	210 / 320
